

# 128<sup>th</sup> Glasgow Boys' Brigade

Cost: £2110

Project Name: **Residential Activity Weekend Away**

Project location: **Clarkston**

## What is your project?

We are hoping to offer our boys of Company and Senior Section a weekend of activities based in Dunkeld in Perthshire. Here they will be away from home, away from computer screens and televisions. Sharing in various outdoor activities that will challenge them mentally and physically, thus making them more aware of their surroundings and others.

Being away from home will build friendships and teach independence, as well as encourage leadership and teamwork.

The PGL run facility at Dalguise, near Dunkeld, has full time staff who provide organised activities including abseiling, assault courses, fencing, quad biking and so much more.

## Who is the project for?

The Boys' Brigade is open to boys from all walks of life, our company has been serving Clarkston and beyond for 85 years and we want our current boys to have skills, values and experiences that will help them in future life.

Lockdown saw a loss in many ways, and our youth have missed out on many experiences and activities, we would like to rebuild that.
