Day trips	£500
Tutors	£400

## Our group

Dunterlie Baby and Toddlers is a volunteer run group based in Dunterlie Resource Center. We run weekly sessions from 10.30-12.30 on Wednesdays, and cater for babies and children from birth to 5 years.

We aim to provide an informal, safe space for the children to socialize and engage with their peers, as well as offering a comfortable space for parents/carers to come interact and make connections within their community, while having a cuppa. Many of the parents/carers who attend have recognised the challenges they and their children have faces during the last few years as a result of the pandemic, limited social interactions and spaces to play with their children, and as a result, those children have missed out on valuable developmental opportunities, which is why we focus on trying to provide high quality activities, equipment, and environment for all who attend.

## Our project

If successful, we aim to

- bring tutors into the group for the children to experience music, sensory play ect.
- take the children and their families on day trips.
- buy new equipment for the children to engage all ages and needs
- provide healthy snacks for the children and cater for all allergy requirements.

Due to the cost of living crisis that is happening at the moment, we aim to do all of our activities at the lowest to no cost to the families who attend. Our values are to provide the best experiences to the children and their families, while breaking any barriers to participation, such as cost and accessibility.
