

Cost: £5000

**Project location:
East Renfrewshire**

Women's Aid East Renfrewshire

Surviving domestic abuse & the cost-of-living crisis

What is your project?

The cost-of-living crisis is having a serious impact on women, children and young people affected by domestic abuse, making it more difficult for them to seek help.

We will provide practical support and financial assistance to families in need.

We will provide essential items such as supermarket vouchers, warm winter clothing, toiletries, and travel costs. Utility top ups will ensure families in crisis can heat their homes and have cooking facilities during this difficult time.

We will provide help for families moving into refuge and for those moving to new tenancies.

By providing a financial safety net, more women and children will be supported to rebuild their lives, free from abuse.

Who is the project for?

The project will benefit women, children and young people who are experiencing domestic abuse.

This will include other priority groups such as older women, carers, those with disabilities, language barriers, ASN, etc.
